A DAY IN THE LIFE OF BHS

From exiting our cars and getting off the buses to the final bell of the day...

A day in the life of Bourne High School is filled with academics, electives, extracurriculars, and supportive faculty and staff to guide us through it all.

A timeline of a typical day at BHS goes something like this:

Students exit their cars and buses between 7:00 am and 7:25 am. During that time period, students can also be found running around getting passes to the guidance office and favorite study hall spots such as the Library and Mrs. Cox's computer lab.

Academics ensue through the rest of the day, and vary from the areas of mathematics and science to English, history, and foreign languages.

Electives intertwine with academics throughout the day and range from art, theater arts, broadcast, and print journalism to woodshop, mechanical drawing, physical education, and a variety of other electives. Lunch time is a student favorite, a time where they can sit and relax with their friends while refueling for the remainder of the school day.

As the bell rings at 1:47, signaling the arrival of the end of the school day, students race to their buses and various afterschool activities, which include club meetings, sports practices and games, drama club rehearsals, and extra help with teachers.

Music is a great symbol for the student body of Bourne High School, for as different as we are, we are all unified through our academics, electives, and extracurricular involvement, and can look back on this book and be reminded of that.

letter from the editor

This year's theme, "Soundtrack for Life," is an appropriate representation of the Class of 2010. It is no secret that there are many different genres in the wide world of music, as there are many different personalities in our class. But just as the world of music joins together to honor each other's accomplishments at various awards shows, we join together as the Bourne High School Graduating Class of 2010.

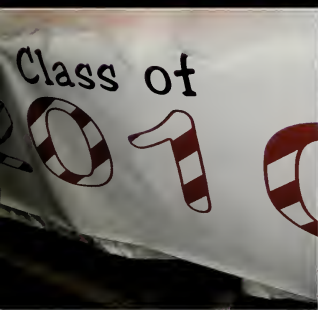

So as we leave Bourne High School let us remember the good times we shared with our friends and classmates throughout the years, along with the teachers, faculty, and family that helped get us to where we are today, and let us enter out into the world, always remembering to:

"Feel the rain on your skin
No one else can feel it for you
Only you can let it in
No one else, no one else
Can speak the words on your lips
Drench yourself in words unspoken
Live your life with arms wide open
Today is where your book begins...
The rest is still unwritten."

Awards Night At BHS

On September 10, 2009 the annual BHS awards night was held to honor those students who go above and beyond everyday in their classes.

The night began with a short speech by Principal Ron McCarthy, who described the evening to be, "A night to recognize some of the best students in the school." The Principal then followed his speech with the recognition of the prestigious college book awards recipients.

Following the book awards, Mr. Harty kicked off the teacher's awards with a humorous speech proclaiming he "bribed Mr. McCarthy fifty, no twenty-five dollars to be the first to speak." He then went on to tell a story about his nominee, Tyler Fournier, a no show to Mr. Harty's disappointment. While not all students were on hand to receive their award, everyone enjoyed listening to the speeches.

A highlight of the night was how all the English teachers honored their recipients with poetry, which was a tremendous treat. Mrs. McDonald, Mrs. Casey, Mr. Dow, and Ms. Maia all had wonderful poems describing the outstanding students they had chosen.

Mr. Mather made an inspirational speech describing his recipient, Andrew Puopolo, exclaiming that success is, "twenty percent talent and eighty percent perseverance."

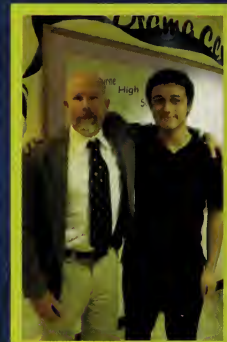

Lauren Lage-McAdams was also recognized as, "having enthusiasm for life," and "a joy to have in class," by Mr. Geist.

A touching moment occurred when Mrs. Murphy sang an ode to her award winner, Michelle Gilbert, who looked quite shocked. Mr. McNee also got into the spirit of creativity and read a poem in Spanglish to his outstanding student, Matthew Mellin.

The teacher's awards ended with Mr. Bushy's brief words about his nominee, Latesha Page, which had the whole room laughing hysterically.

Principal Ron McCarthy then announced the highest ranking person in each class. For the class of 2012 Miranda Kalback was honored, with Danielle Garceau proudly representing the class of 2011. The class of 2010 was a tie, with two top seniors this year, Matthew Mellin and Rebecca Faria.

The Power

Rachel's Challenge

Are you up to the Challenge?

**How can we continue to
spread Rachel's
message?**

Friends of Rachel (FOR) is the name of the club that schools across the country establish following the presentation. The FOR Club is developed with the task of promoting Rachel's message throughout the school and community long after the Rachel's Challenge program presenter leaves.

*"People will never
know how far a little
kindness can go..."*

Rachel Scott, 00

Rachel Scott was the first student killed in the Columbine High School massacre on April 20, 1999. On the day of the shootings Rachel was outside eating lunch when the two armed students walked toward the entrance of the school and shot her. Once they were in the school, they proceeded to kill eleven more students and one teacher. After that tragic day in Denver, Colorado, her family found Rachel's diaries, in which she had spent time writing about her thoughts on the world and what a little kindness can do.

Challenge Accepted!

Following the Rachel's Challenge school assembly, students flooded out of the auditorium to sign the Rachel's Challenge banner, promising that they will accept the challenge, much like Rachel Scott herself had accepted months before the shooting, to spread more kindness, compassion, and respect throughout Bourne High School and the community.

The Spirit Bear

www.spiritbearyouth.org

You can make a difference!

The Bear Man describes how one person can make all the difference when trying to help a cause. *"That one letter could be the difference to this bear."* And all the effort has shown after being granted the largest land reserve in the history of the world.

Meeting Simon Jackson

Left to Right: Peter Gale, Tyler Fournier, and Lauren Lage-McAdams were lucky enough to pose for a picture with Simon Jackson after his inspiring presentation on the "rarest subspecies of bear in the world".

Saving the Spirit Bear

Simon Jackson, also known as the "Bear Man," has been trying to save and protect the White Kermode bear, which in the Moksgn'ol legend is called the Spirit Bear, since he was just thirteen years old. The environment that the bear must live in is so unique that it cannot live anywhere else. Jackson has made it his life mission to protect this unique environment so the Spirit Bear can live on. With the help of six million young people across 65 countries this dream is becoming a reality. Simon Jackson is "just like you," and with the help of others you can accomplish anything you put your mind to, as long as you put forth your best effort and never give up.

The soccer program had a fantastic season. The JV boys had a winning record. The Varsity team finished third in the Southcoast Conference with an 8-3-5 record. In addition the team defeated W. Bridgewater 6-0 in the first round of the MIAA tournament before losing 1-0 in 2 overtimes in the South Sectional Quarterfinals vs Westport in one of the most thrilling games in team history. The boys, led by captains Kyle Johnston, Devin Delfino, and senior Justin Desharnais played an excellent brand of European-style soccer that made Coach Arki proud.

2009 proved to be a season for the record books for the Lady Canalmen Soccer team.

It was a nearly flawless season thanks to a team effort, lead by captains Caitlin Gilley and Carolyn Jones. Most noteworthy was the consistently top-notch performance of senior Ryann Chase.

The top-seeded and previously unbeaten girls soccer team went into the state tournament only to suffer a 2-0 setback to No. 17 Norton in a first-round game. The Lady Canalmen finished their season 17-1-1. Awesome job, ladies!

National Honor Society

2009 Induction

On October 21st the Bourne High School James F. Peebles Chapter of the National Honor Society inducted current members of the Junior class into this prestigious organization.

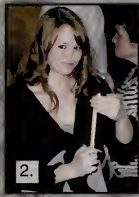

The event started with a traditional candlelit procession of the new inductees coming down the aisle toward the front of the auditorium. BHS Athletic Director Jessica Sullivan followed as the first speaker of the night.

Ms. Sullivan congratulated the inductees and spoke about one of the pillars of NHS, character. She pointed out that "character is who we are even when no one else is watching." She went on to explain that everyone has character, either good or bad, but good character requires "honesty, integrity, and enthusiasm."

After hearing from the four NHS officers, each inductee ascended upon the stage, recited the oath, and joined the current members. The pledge was said by the new and old members to conclude the ceremony.

More than just a sash at graduation...

Along with the prestige of being the most scholarly students at Bourne High School, NHS members also participate in a variety of community services throughout the year. From organizing the BHS Homecoming dance to reaching out to the community beyond our school through major projects such as providing food and packing boxes for the annual Thanksgiving and Christmas food drives, tutoring younger students, assisting at the Bourne Food Pantry, and participating in more personal service projects, one thing is for certain: there is no shortage of community pride in this group.

Dublin and London and Wales...Oh my!

History Club Trip - April 2009

Our fearless leaders, Ms. Dunn, History teacher (above) and Mrs. Flavell, Science teacher (below), without whom the trip would not have been possible. Thank you both!

During April Vacation week of 2009, fifteen History Club members and two faculty chaperones embarked on a journey to Dublin, Wales, Warwick, Stratford-upon-Avon, and London. This nine day adventure was a memorable experience for all those fortunate enough to go. Starting the journey in Dublin, they experienced all the delights of this age-old city with all its culture and history, which is also currently undergoing modern renovations. Three days later they traveled via one of the world's largest ferries, Ulysses, to Wales, where they explored the many towers of Caernarfon Castle before checking in to the haunted Hand-Hotel Llangollen. They continued their journey to their final destination, London, by bus through the United Kingdom, making stops at famous landmarks such as Warwick Castle and Anne Hathaway's cottage, even receiving some free time to explore Stratford-upon-Avon. Finally, with two days left on their tour, they reached London, and experienced memorable sights and events as the London Eye, the Changing of the Guard at Buckingham Palace, shopping at Harrod's, and even taking in a performance of the hit Broadway show, *Wicked*.

"We're all in this together, Once we know, That we are, We're all stars, And we see that, We're all in this together, And it shows, When we stand, Hand in hand, Make our dreams come true. -The Sound of Music

Ms. Dunn

Ms. Dunn!

Ms. Dunn came to BHS in 1992, and brought with her a love of all things baseball--so much love, she turned it into an innovative way to teach US History. Her retirement will take her back on her quest to visit every ball park in the country.

Mrs. Weydemeyer!

Mrs. Weydemeyer has been teaching for 47 years and 17 of those years have been spent at BHS. She will miss teaching her students and helping them learn new languages. We wish her the best of luck in her retirement!

Dear Michael,

We can't imagine where we would've been or what we could've done in our lives that would have even come close to being with you and watching you grow and mature for the past, almost eighteen years. You've made us laugh and cry and filled us with pride consistently. You were and are a dream come true to us. We savored every moment (and even missed a lot of them!) You've made some of your own dreams come true and will continue to. How can you possibly tell your son how much you love him when you've always told him - love is something felt that can't really be described or explained. Our love for you is something that you'll always feel inside because that's where it lives - it will actually become clearer and clearer as the years go by. Always feel it and pay it forward. It's been said that raising children is the only loving relationship that has to ultimately end in separation - We disagree because wherever you go and whatever you do, we will always be there with you because you've always been and always will be "our whole world" (Indzer gantseh velt).

Four years have flown
As you have grown
And this is what we've heard

"My phone was dead"
"I need some cash"
"I lost track of time"
"I'll do it later"
"I'll be right back"
"My car is out of gas"
"My homework's done."
"I know, I know"
"You tell me all the time"...

But through it all, you've made
us proud and even made us
laugh. You've been a Blessing in
our lives more than you may
know. Our hearts are filled with
pride and joy, as you leave
behind the little boy and
become a fine young man.

and I took the one less traveled"

My Ode to the Class of 2010

This class that is leaving us has had its ups and downs; they came in as the worst freshman class in town. I have seen them grow into respectful, responsible, fun, and mature young adults. In my heart, I know that most of them will go far, and will reach their own star to become who they really, truly are. In my eyes they are all shining stars. So, good luck to the class of 2010, there is no better time than right now to be happy. Do not hasten your graduation because happiness is a journey and not a destination.

I will miss you all with my heart,
Love and Good Luck,

Momma Cox

Congratulations to the entire yearbook staff for an incredible yearbook!

The 2010 Canal Currents yearbook is the very first collaborative effort of an entire class, not the creation of just a few seniors as an after school activity.

You've worked collaboratively to publish the most incredible book ever!

Special thanks to **Lauren** for her photoshop expertise...to **Shawnee** for her wildly imaginative ideas...to **Toni** for never turning down a task...to **Shannen** for her diligence toward deadlines...to

Kate for her wry sense of humor and scintillating lunch time conversation... **Christina** and **Maggie** for representing the juniors with class...to **Mike** for snapping photos of anything and everything...to **Braylan, Taylor and Kristie** for handling the sports sections so well...to **Tyler, the Ashleys, Brittany, Ibit, and Bri** for being our senior class yearbook promoters.

Most of all, thanks to **Amy Bliss** for being the quintessential editor who never missed a beat! I could never have survived the year without you!

Best of Luck!

I gotta take a risk, take a chance, make a change

the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million, and the number of people aged 75 and over has increased by 1.2 million (Office of National Statistics 1999).

There is a growing awareness of the need to address the needs of older people, and the importance of the role of the family in supporting older people. The Department of Health (1999) has published a strategy for older people, which sets out the government's commitment to older people, and the need to support families in caring for older people. The strategy also sets out the need to improve the quality of life of older people, and to ensure that they are able to live independently for as long as possible.
